6	outward migration	cuộc di cư ra bên ngoài
7	prevailing trade winds	gió Mậu dịch thịnh hành
8	empty horizon	chân trời trống trải, không có dấu hiệu đất liền
9	ocean voyage	chuyến đi vượt đại dương
10	safety net	mạng lưới an toàn, phương án dự phòng
11	climate disruption	sự biến đổi/xáo trộn khí hậu
12	long unplanned voyage	chuyến đi dài không có kế hoạch
13	advanced art of sailing	nghệ thuật đi thuyền tiên tiến
14	rapid migration	sự di cư nhanh chóng
15	archaeological evidence	bằng chứng khảo cổ học

PART 3. EXERCISES

Exercise 1: Mark the letter A, B, C, or D to indicate the correct answer.

Question 1: The ancient cemetery was discovered on a _____ plantation that had been abandoned for many years.

- A. prevailing B. seafaring C. derelict D. far-flung

Question 2: The Lapita were skilled _____ who travelled across huge areas of the Pacific Ocean.

- A. mariners B. ancestors C. outliers D. pioneers

Question 3: Researchers believe the Lapita migration was influenced by the _____ trade winds of the Pacific.

- A. derelict B. prevailing C. conclusive D. nagging

Question 4: Scientists are still trying to _____ the evidence from ancient remains to understand Lapita origins.

- A. presuppose B. venture C. invoke D. assess

Question 5: The discovery provided _____ evidence that the remains belonged to the Lapita people.

- A. far-flung B. derelict C. conclusive D. roving

Exercise 2: Choose the correct collocation.

Question 6: The discovery of ancient pottery was considered a major _____ in Pacific archaeology.

- A. archaeological discovery B. empty horizon
C. safety net D. climate disruption

Question 7: The Lapita were among the earliest _____ capable of crossing open oceans.

- A. oral histories B. blue-water adventurers
C. trade winds D. burial grounds

Question 8: Because written records did not exist, researchers depended partly on _____ from later generations.

- A. oral history B. rapid migration
C. archaeological evidence D. safety net

Question 9: The island chain provided a natural _____ for sailors returning home.

- A. climate disruption B. outward migration
C. safety net D. empty horizon

Question 10: Scientists suggest that El Niño may have caused a major _____ affecting ancient voyages.

- A. advanced art of sailing B. climate disruption
C. burial ground D. trade wind

Exercise 3: Complete the sentences

Question 11: The Lapita carried animals, plants and tools because they planned to become _____ in new territories.

A. pioneers B. outliers C. ancestors D. disruptions

Question 12: The idea that Lapita could sail against the wind _____ advanced navigation skills.

A. invokes B. disrupts C. assesses D. presupposes

Question 13: How ancient people crossed thousands of kilometres without modern equipment remains a _____.

A. safety net B. stubborn question C. burial ground D. trade wind

Question 14: DNA analysis may reveal whether Pacific islanders came from one or multiple sources of _____.

A. migration B. disruption C. venture D. assessment

Question 15: Some researchers _____ climate changes to explain the unexpected spread of the Lapita.

A. salvage B. peer C. invoke D. dismantle

Exercise 4: Choose the best answer.

Question 16: The word **far-flung** is closest in meaning to:

A. crowded B. distant C. modern D. developed

Question 17: The word **derelict** is closest in meaning to:

A. protected B. successful C. expensive D. abandoned

Question 18: The word **assess** is closest in meaning to:

A. destroy B. ignore C. evaluate D. create

Question 19: The word **disruption** is closest in meaning to:

A. stability B. disturbance C. improvement D. continuation

Question 20: The word **venture** is closest in meaning to:

A. dare B. avoid C. stop D. refuse
